

JOIN UNISON!

**THE OFFICIAL UNION FOR
PROFESSIONAL SERVICES STAFF**

We represent the entire workforce during major changes such as restructures, and negotiate with senior management to protect your interests. We also represent individuals during workplace disputes.

Our influence comes entirely from the strength of our membership - by joining you help make your role at work more secure!

Our branch is an active and supportive community, connecting members from across the university with regular meetings, events, campaigns and socials.

**If you have an issue at work or are at risk of redundancy, UNISON can only represent you if you are already a member.
Join before it's too late!**
