

WAYS TO SUPPORT TRANS COLLEAGUES

Our UNISON branch will always support and fight for trans colleagues and students

If you are a trans member of staff, we urge you to engage with UNISON's Change The Law campaign. They want to hear from you:

Be a good ally:

Urge your MP to support 240 Early Day Motion to withdraw transEHRC Guidance/Code

Display a trans pride flag visibly in your office/facility

Urge your MP to join Trans Solidarity Alliance's 25 June Mass Lobby Day, or attend yourself

Share your pronouns at any meeting you attend, as well as asking colleagues/students - so that when trans people disclose, it's normal for everyone to disclose

Have MazeMap's info on gender neutral facilities up to date for your workplace, and share with staff and students

Be sure to ask whether any new estates planning presented to your team includes building gender neutral facilities

Contact relevant building staff about ensuring there are plans for more gender neutral facilities in your workplace
